

Mr. Nick Malyshev is the Head of the Regulatory Policy Division in the Directorate for Public Governance and Territorial Development.

He is responsible for the identification of the broad themes of regulatory policy, focusing on current and emerging regulatory management and governance challenges in both domestic and international contexts, and the development of policies and strategies to respond to these challenges.

He was responsible for updating OECD guidance on regulatory reform, which resulted in the *2012 Recommendation on Regulatory Policy and Governance*. He was a co-author of the 2011 publication, *Regulatory Policy and Governance, Supporting Economic Growth and Serving the Public Interest*. He has worked extensively on the topic of risk and regulation which resulted in the 2010 publication *Risk and Regulatory Policy, Improving the Governance of Risk*. He has also been directing programmes of co-operation on regulatory policy in Mexico and Greece.

He has led work on reviews of regulatory policy in a number of emerging economies including China, Indonesia, Russia and Vietnam. These reviews focused on the overall economic context for regulatory reform, the government's capacity to put in place high-quality regulation and the regulatory framework of public service delivery.

While at the OECD, Mr. Malyshev has also worked extensively on the economic transition in Central and Eastern Europe. This has included analytical and advisory work on a range of topics including macroeconomic policy, regulatory policy, institutional reforms and foreign direct investment.

Prior to joining the OECD, Mr. Malyshev worked as a financial analyst at GlaxoSmithKline, a pharmaceuticals company, and as a securities trader at Wall Street West, an investment bank.

Mr. Malyshev holds a graduate degree in economics from Duke University and an undergraduate degree in economics from Colorado College.
